WineWise Notes:

One lovely aspect of our Portuguese whites is that though they mostly play in the same field - lively, snappy, unoaked - they are as different from each other as night and day. Vasco and his genius cellar-master Miguel Viseu have always revealed the fragrant beauty of Loureiro, but it seems that each vintage takes it to greater heights of delicacy and finesse. The 2021 is a poem of floral charm and mineral, Riesling-like incisiveness.

What more do you need to know than that Vasco Croft, an architect, educator and devotee of Rudolf Steiner, discovered the mysteries of wine in his mid-thirties through the intervention of a Brazilian Buddhist monk? From there you intuit that the path leads directly to starting a winery and farming biodynamically, right? We are proud to be the first to import his wines into the USA, but he has already blazed a trail through the English press, with luminaries like Jamie Goode and Sara Ahmed leading the praise. In person he is as vivid, energetic and unbuttoned as his wines. Endlessly restless, he is currently engaged in an ambitious project to create a cultural center/restaurant and a food forest on his recently expanded estate. He reminds us of Stéphane Tissot in his endless quest to find new wines to express his burgeoning curiosity.

Notes from the producer:

Aphros winery is the brainchild of Lisbon architect Vasco Croft. Interested in Steiner's philosophy since his youth, he naturally followed the path of biodynamics. Mountain horses, sheep, bees and special water cascades are part of the farm life. The vines, carefully managed through cover crops, are treated with home made plant extracts. Being made from brandy, these preparations have their origin in the same vines they are destined to treat. The wines, ranging from still to classic method sparkling and Pet Nats, are based on local varieties Loureiro and Vinhão and made with low intervention protocols, using only indigenous yeasts and a minimum of sulphites.
